Re: Advertisement Rates for the Chamber Newsletter - the Luminary

---

## The Luminary - A Member Only Benefit

The Brisbane Chamber of Commerce Board of Directors has approved the increased circulation of the Luminary to 3,500 per month. We're the only Chamber of Commerce in San Mateo County who offers this exciting advertising and information tool to both businesses and residents in our community. The Luminary is mailed to every Brisbane address, including post office boxes. This increased circulation makes the Luminary a truly valuable advertising medium for your business product and message.

The mission of the Luminary is to inform entire community about the Brisbane business community. We hope that with the expanded circulation, Brisbane residents will better understand the positive contributions that businesses make to the community. At the same time, this increased circulation provides us with a vehicle to explain to the residents the business point of view on current affairs.
